Supt. Mint U.S.

Sir:

Referring to your letter of the 12th instant in regard to unsatisfactory stationery furnished on your last requisition I would say that the letter has been referred to the stationery division of the Department for the information of its Chief. In the matter of toilet paper I am advised that the Department only furnishes it to buildings under the control of the supervising architect. The paper is purchased by the Superintendent of the Treasury building, under contract, and is distributed to all government buildings east of the rocky mountains, except mint and assay

office buildings, which are not under the supervision of the Architect. I am informed, however, that under the terms of the contract marks can be supplied at the same rates upon application, and payment for same upon delivery. I write therefore thank you to inform me what price you are compelled to pay, with a view to taking advantage of the contract if the difference in price is sufficient to make it an object.

Respectfully Yours,

Jos Lindale
